A Great Vacation

Last winter, I went to Michoacán in Mexico with my mom and dad. We went by bus. We slept on the bus because it was a long way.

On the first day, we visited museums. I didn't like the museums, but my parents loved them.

The next day we took a taxi to the Monarch Butterfly Biosphere Reserve. We saw millions of beautiful butterflies. It was amazing!

On the last day, we walked in the forest. We ate lunch beside a waterfall. Then we went zip lining. I loved it!

It was a great vacation. I saw new things and I was with my family.
