If you ever find fine yourself lost in the

You can come count on me like one two
three, I'll I'm be there
And I know when I need it I come

like four three two, you'll be three there
'Cause that's what friends are supposed to

I'll sang sing a song, beside you
And if you ever forget how much you

Everyday I need will remind you
Find out what we're made on off
When we are called to help our friends in
