

Insomnia by Daya

Ah, ah, 'cause I can't sleep you

No, I don't want to about you

Wish I had my wrapped around you (insomnia)

I've been down for days Tylenol PM ain't working

Losing track of , babe (insomnia)

My mind is running fast Shadows on the wall lurking

I wish that you would back (insomnia)

I keep on hoping to you Reaching in the sheets

Baby, it's only been one night Feel like it's been like a

Tossin' and turnin', tossin' and turnin'

Flipping the , pulling the curtains

I got, I got, I got Insomnia, ah
