SUBHEADING

GLOSSARY

SECTION 2

1. Based on the lesson, identify the text features that form **parts of your textbook**.
2. What information does the **Table of Content** give you as the reader?
3. If you wanted to know **the meaning of the words** used in your textbook, which one of the text features will help you to get this information?
4. What pieces of information can you find on **the Title Page** of your textbook?
5. Using your **Rediscovering Mathematics textbook**, identify the following **text features** found in the indicated parts of the text.

- a) Find the **Title Page** and write the following.

The Publisher

The Title of the text

The Author

- b) Locate **The Table of Contents**. Write **2 topics** seen and the page on which they are found.
- c) Locate **The Glossary**. Write **one (1)** piece of information found in this part of the text.
