Hello! My name is Jules. I'm originally from London but I moved here with my parents. I've lived in Deutschlandsberg for more than five years but I'm still very bad in speaking German. I go to school at the HTL Deutschlandsberg. We don't have to wear a school uniform. I think that's great because back in London I had to wear a uniform and I really didn't like it at all. My little sister is five years younger than me. Her name is Alley but we just call her "Al". She hates it. Sometimes she really gets on my nerves but I love her, of course. You know... just like siblings are, I guess. At the moment we have holidays but next week school will start again, and I am really looking forward to it because we are going on a field trip in the first school week. We will visit an outdoor Science museum called "Oxutec". I totally love Science, it's my favourite subject. What's yours?
