

1. Risolve il seguente problema.

Pedro ha un acquario con 13 pesci e gliene regalano 7. Quanti pesci ci sono in tutto?

Disegno

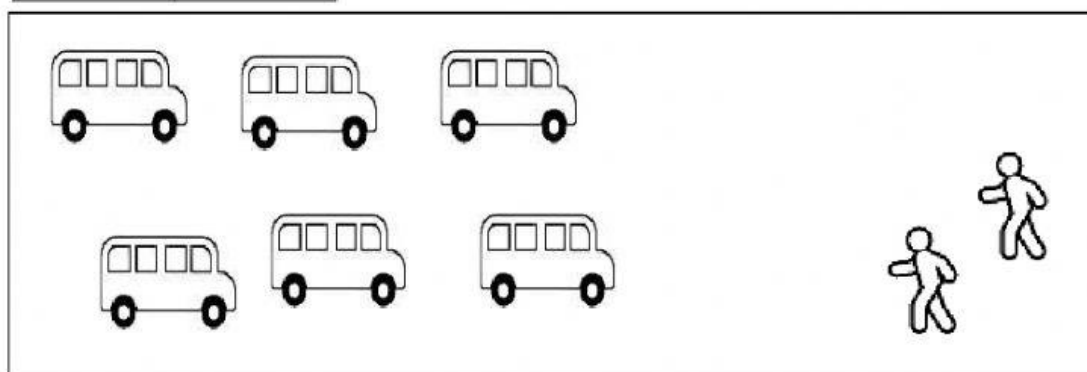

Operazione:

$$\square \quad \square \quad \square = \square$$

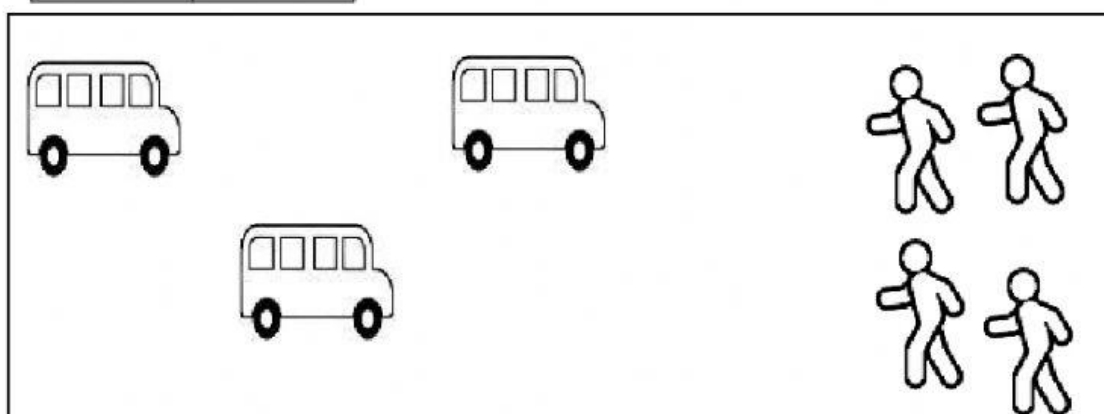

Risposta:

2. Scrivi il numero corrispondente, secondo la città della dieci rappresentata.

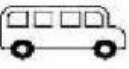

Buses	Peatones
	

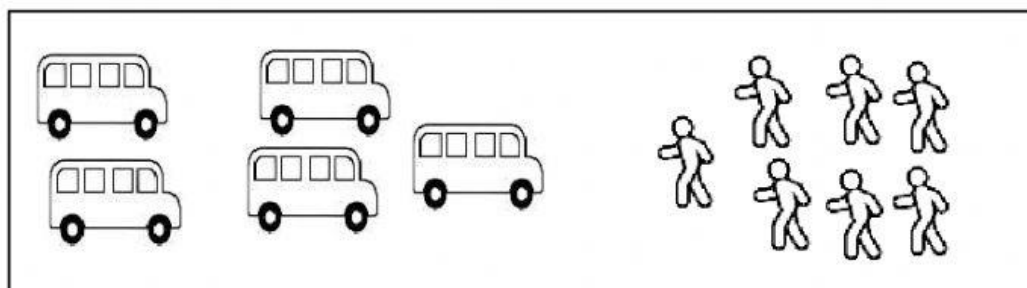

Buses	Peatones
	

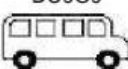

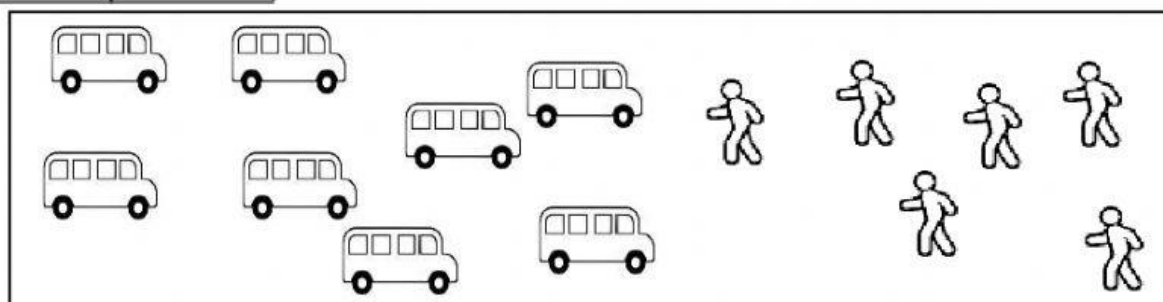

3. Seleziona se è vero o falso.

Buses	Peatones
	
3	7

F	V
---	---

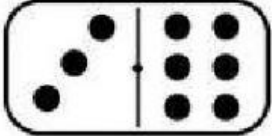

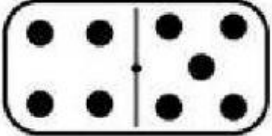

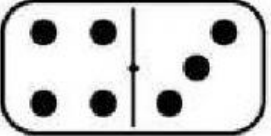

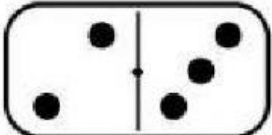

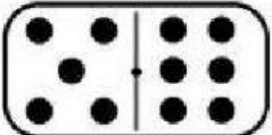

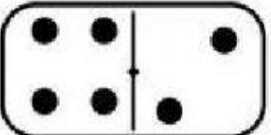

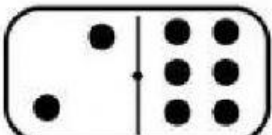

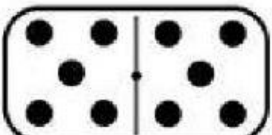

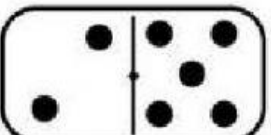

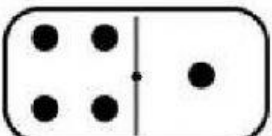

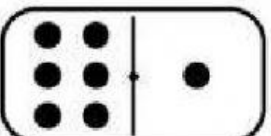

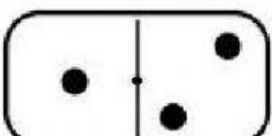

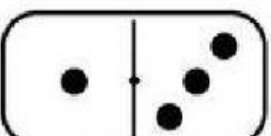

Buses	Peatones
	
8	6

F	V
---	---

4. Completa le addizioni e scrivi il risultato.

 $3 + 6 = \underline{\quad}$	 $\underline{\quad} + \underline{\quad} = \underline{\quad}$	 $\underline{\quad} + \underline{\quad} = \underline{\quad}$
 $\underline{\quad} + \underline{\quad} = \underline{\quad}$	 $\underline{\quad} + \underline{\quad} = \underline{\quad}$	 $\underline{\quad} + \underline{\quad} = \underline{\quad}$
 $\underline{\quad} + \underline{\quad} = \underline{\quad}$	 $\underline{\quad} + \underline{\quad} = \underline{\quad}$	 $\underline{\quad} + \underline{\quad} = \underline{\quad}$
	 $\underline{\quad} + \underline{\quad} = \underline{\quad}$	 $\underline{\quad} + \underline{\quad} = \underline{\quad}$
	 $\underline{\quad} + \underline{\quad} = \underline{\quad}$	 $\underline{\quad} + \underline{\quad} = \underline{\quad}$
