### Conjugating Verbs

Directions: Conjugating is creating an orderly arrangement of different forms of the same verb. Conjugate the verbs below into their present simple forms.

walk eat like sing write read

Walk				
Singular			Plural	
I	Walk		We	Walk
You	Walk		They	Walk
He/She/It	Walks		You	Walk

Please note that when conjugating the verb "walk" we have to add an "s" to the verb. When you are talking about a third person, he, she or it you will have to add the "s" at the end. The exception to the rule is when using the verb "have" or "has".

Now practice conjugating some verbs:

Eat				
Singular			Plural	
I			We	
You			They	
He/She/It			You	

Like				
Singular			Plural	

<b>Sing</b>				
Singular				Plural

<b>Write</b>				
Singular			Plural
