MARINE ANIMALS

Escuela primaria hormiguero

Ciclo 2020-2021

Teacher:	María Rebeca Guzmán Delgado.	**Unit:**	1
		Topic:	Marine animals
Grado/nivel:	3	**Sesión**	3
Group:	b	**Time:**	50 min
Classmate:	English		

Objective: Have boys and girls identify the names of marine animals

Skills to develop	*The skills to develop are speaking, writing and identifying when reading each name.*
Expected learning:	What questions do children ask? What do the children propose to understand? What do they describe about animals? What agreements do they establish?

Ingles III

Bloque 2

Grado:3!

MARINE ANIMALS

start	Developing	End	Resources
15 min.	20 min.	15 min.	
We will start by welcoming the students with a preview of the topic, so that they get into the atmosphere and understand what it is about.	We will start with the printed activity, where some images and spaces are reflected to put the name of each animal / character.	As a closing we will have another printed activity, where our students will find the number of animals of each character.	The material that will be used in this class will be conventional type that is are prints.

Criteria to evaluate:

Identification of the description of marine animals, what they propose to find the animals, how long it takes to find them, how good is their memory to learn.
