**READING COMPREHENSION**

 Read. Choose and write a word from the box. There is one example.

animals      plants      ears      water      grey      Australia

**Elephants**

Elephants are very big animals. They can be more than two metres tall. They are <sup>1</sup>                     
 have got two big <sup>2</sup>                    and a long trunk. They have got about 26 teeth. They like to eat <sup>3</sup>                     
 and they can drink over 100 litres of <sup>4</sup>                    every day. They can swim, but they can't jump. There are some elephants in India and China. There aren't any elephants

Read and complete the table for kangaroos.

Kangaroos are my favourite animal. They only live in the wild in Australia. There aren't any kangaroos in other countries. They can be 150 cm tall, and their tails can be 120 cm long. They can run at 70 kilometres per hour. Kangaroos are brown or grey in colour. They've got about 30 teeth and they eat plants and leaves. Groups of kangaroos are called mobs.
