

My Name is _____

Adding Two Digit Numbers

When solving addition problems:

1. *Read* the problem.
2. Identify *key words* and *numbers*.
3. *Solve* the problem

Addition key words: in total, both, in all, altogether, sum

1. Tina has **35** stickers in her pencil box. Lily has **24** stickers in her pencil box. How many stickers do they have **in total**?

2. Drew has **53** pieces of candy and Charlie has **15** pieces of candy. How many do they have **altogether**?

3. Mrs. Jones has **17** students in her class. Mr. Johnson has **13** students in his class. Find the **sum** of students in both classes.

4. If I can read **23** words and you can read **34** words, how many words can we read **in all**?

Complete in your book or on a piece of paper, take a picture and send to me on WhatsApp.
