#### Jane's Mother

Mum works in a restaurant. She goes there by bus. Every morning she always gets up early. She always has a bath and sometimes eats breakfast with me. Then she always takes the bus and goes to the restaurant. She never has lunch at home. She sometimes comes back home at seven o'clock in the evening. She sometimes helps me with my homework and after that she always cooks the dinner. After dinner we sometimes watch T.V. and mother always reads some nice stories to me. I love my mother. She is a wonderful woman!
