We can save time and money shopping online. Many shops that were successful before the Internet arrived are now closed, because they were expensive. But I think there will be shops in towns in 20 years' time. Some people will always prefer to try on clothes before they buy them. People also like to talk to specialist shop assistants.

Many people now <sup>1</sup>shop online. A lot of

things are <sup>2</sup> online, and it is

twenty years because they like to try on

<sup>6</sup> and talk to shop assistants.
