## Drawing Bar Charts

1. The box below, shows the number of teddy bears, toy cars and robots that were sold in a toy store. Drag and drop tally counts from the tally box to complete the tally chart and type in the missing frequencies in the boxes provided.

Tally box

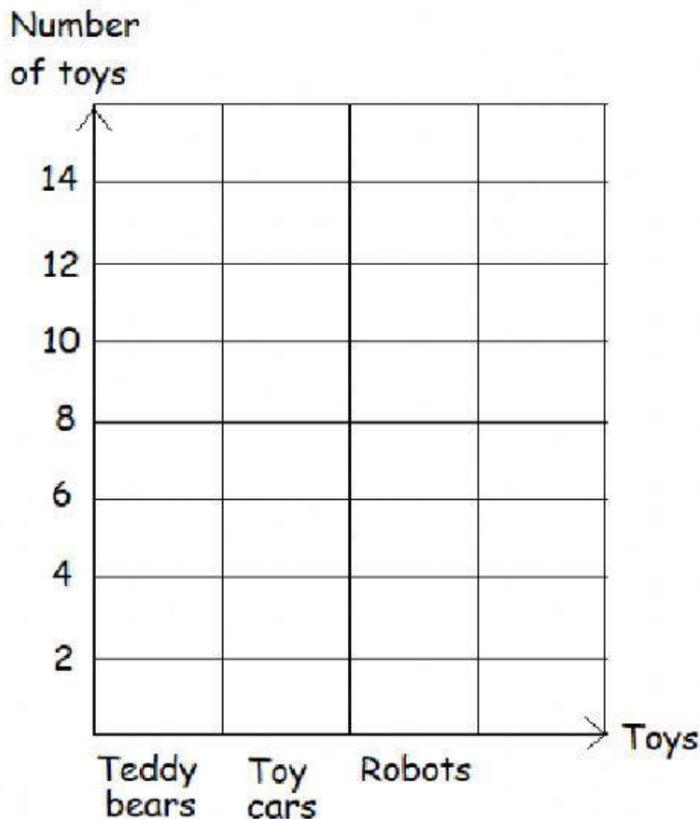

Tally chart of toys sold

Toy	Tally	Frequency
Teddy bear	<del>HHH</del> III	8
Toy car		
Robot		

2. Use the tally chart results to complete the bar chart shown below. Click the correct number of boxes to complete the bars for each toy that was sold.

Bar chart of toys sold in a store

3. What scale factor is used, in the bar chart, to count the number of toys?
