

2 I can see Mars!

1 Read. Then, listen. T11

Mrs Davies: Are you ready? This telescope is fantastic.

Daniel: Good! We can see Mars...

Mrs Davies: Brian, stand here, please. Can you see the moon?

Brian: Yes, I can. And I can hear music from the moon... Wow!

Mrs Davies: Sorry, it's my mobile phone!

Brian: Oh!

Mrs Davies: Now it's your turn, Emily. Look over there. Can you see Mars?

Emily: I can see a big ball and two very small balls.

Mrs Davies: Good! That's Mars. It has two moons.

Daniel: And the extraterrestrials, Mrs Davies?

Mrs Davies: Well, there are no extraterrestrials in the solar system, but perhaps in other galaxies...

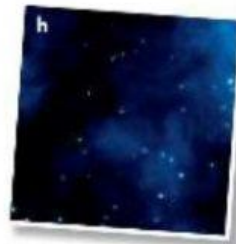

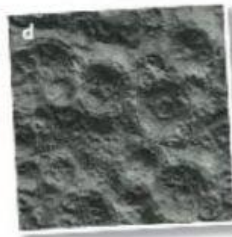

Daniel: Can we go there?

Mrs Davies: No, we can't. We need new technology, but the extraterrestrials can come here...

Daniel: Wow!
