Introduction		Hi Arwa, It is great to <input type="text" value="1."/> in the Earth Day. My advice would be to <input type="text" value="2."/> some trees.
1 st suggestion		My first suggestion is to get your family, friends and neighbours to <input type="text" value="3."/> some tree saplings.
2 nd suggestion		My second suggestion is to grow these plants and tree saplings in your <input type="text" value="4."/> and housing compound.
3 rd suggestion		My third suggestion is to ask your neighbours to <input type="text" value="5."/> you.
Conclusion		Planting tree is important because trees will help to improve our air quality. This is because trees take in carbon dioxide and give out oxygen. All the best. From, Surya
