

USED TO

1. Complete the table with five things you did differently before the coronavirus lockdown. Just write words, not complete sentences.

You can use your work from “Walking Ugo” to give you some ideas if you want.

Before	Now
Example: <i>went to supermarket</i>	<i>order online</i>

2. Use your ideas from the table to write five sentences with “used to” or “didn’t use to”. One sentence must be with “didn’t used to”.

Example:
I used to go to the supermarket but now I do my shopping online.
