

## Repaso de Multiplicación

|   |   |    |   |    |
|---|---|----|---|----|
| 9 | x | 1  | = | 9  |
| 9 | x | 2  | = | 18 |
| 9 | x | 3  | = | 27 |
| 9 | x | 4  | = | 36 |
| 9 | x | 5  | = | 45 |
| 9 | x | 6  | = | 54 |
| 9 | x | 7  | = | 63 |
| 9 | x | 8  | = | 72 |
| 9 | x | 9  | = | 81 |
| 9 | x | 10 | = | 90 |

Completar:

|          |       |
|----------|-------|
| 1 x 9 =  | _____ |
| 2 x 9 =  | _____ |
| 3 x 9 =  | _____ |
| 4 x 9 =  | _____ |
| 5 x 9 =  | _____ |
| 6 x 9 =  | _____ |
| 7 x 9 =  | _____ |
| 8 x 9 =  | _____ |
| 9 x 9 =  | _____ |
| 10 x 9 = | _____ |

Tarea: Aprender la tabla del 9.

**Ejercicio No.2:** Observar la tabla del 9 y unir con una línea de color cada multiplicación con su producto

|          |                                                                                     |
|----------|-------------------------------------------------------------------------------------|
| 9 x 1 =  |  |
| 9 x 8 =  |                                                                                     |
| 9 x 9 =  |                                                                                     |
| 9 x 5 =  |                                                                                     |
| 9 x 4 =  |                                                                                     |
| 9 x 6 =  |                                                                                     |
| 9 x 10 = |                                                                                     |
| 9 x 2 =  |                                                                                     |
| 9 x 3 =  |                                                                                     |
| 9 x 7 =  |                                                                                     |

**Ejercicio No.3:** Multiplicar de forma vertical .

|                                                        |                                                        |                                                        |                                                         |
|--------------------------------------------------------|--------------------------------------------------------|--------------------------------------------------------|---------------------------------------------------------|
| $\begin{array}{r} 9 \\ \times 9 \\ \hline \end{array}$ | $\begin{array}{r} 7 \\ \times 9 \\ \hline \end{array}$ | $\begin{array}{r} 2 \\ \times 9 \\ \hline \end{array}$ | $\begin{array}{r} 10 \\ \times 9 \\ \hline \end{array}$ |
|--------------------------------------------------------|--------------------------------------------------------|--------------------------------------------------------|---------------------------------------------------------|

|                                                        |                                                         |                                                        |                                                        |
|--------------------------------------------------------|---------------------------------------------------------|--------------------------------------------------------|--------------------------------------------------------|
| $\begin{array}{r} 4 \\ \times 9 \\ \hline \end{array}$ | $\begin{array}{r} 11 \\ \times 9 \\ \hline \end{array}$ | $\begin{array}{r} 6 \\ \times 9 \\ \hline \end{array}$ | $\begin{array}{r} 5 \\ \times 9 \\ \hline \end{array}$ |
|--------------------------------------------------------|---------------------------------------------------------|--------------------------------------------------------|--------------------------------------------------------|

**Ejercicio No. 4 :** Escribir el factor que falta para comprobar el producto

$$9 \times \text{cloud} = 45$$

$$9 \times \text{cloud} = 81$$

$$9 \times \text{cloud} = 18$$

$$9 \times \text{cloud} = 72$$

Y haré de ti una nación grande, y te bendeciré, y engrandeceré tu nombre, y serás bendición. Genesis 12:2
