

Rajah menunjukkan tiga contoh lemak tak tepu.

Kaji maklumat dalam Rajah 11 dan bina konsep lemak tak tepu

Study the information in Diagram 11 and construct the concept of unsaturated fats.

[6 markah]

- (i) Kenal pasti maklumat
Identify the information
- (ii) Kenal pasti **dua** ciri sepunya
*Identify **two** common characteristics*
- (iii) Hubung kaitkan ciri sepunya untuk membina konsep awal
Relate the common characteristics in order to construct the initial concept
- (iv) Berikan **satu** contoh minyak tak tepu dan **satu** contoh minyak tepu
*Give **one** example of unsaturated oil and **one** example of saturated oil*
- (v) Bina konsep sebenar lemak tak tepu
Construct the actual concept of unsaturated fats
