

Day 1

My father drove Azhar and me to Green Park. After we had put our bags in the dormitory, we assembled in the hall. My group members and I learnt how to give first aid. Azhar and his group learnt how to tie knots. Later, Mr Ram taught all of us how to use a compass.

Day 2

In the morning, I took part in an obstacle course. My brother spent the morning jungle-trekking. In the afternoon, I learnt how to tie knots while my brother learnt how to use dry twigs to start a fire. Before we went to bed, our instructors taught us how to read maps.

Day 3

After breakfast, my group carried our backpacks and walked to the jungle near the park. We trekked through the jungle until we reached a waterfall. Azhar and his group participated in the obstacle course which my group went through the previous day.

Day 4

All of us travelled by bus to a river about ten kilometres from the park. We put on life jackets and went canoeing with our instructors. My brother and I had a wonderful time canoeing. That evening, we went home.
