

Planting Flowers

PLANTING FLOWERS

What you need:

- A plant pot
- A trowel
- A flowering plant
- A watering can
- Soil

What you do:

Steps

1. Half fill the pot with soil.
2. Add a little water to wet the soil.
3. Take the flowering plant out of its container.
4. Put the plant into the pot and push it down gently into the soil.
5. Use the trowel to fill the pot to the top with soil.
6. Place in a sunny position.

Tip: Remember to water your plant daily.
