

# The Labyrinth Song

Fill in the gaps with words from the box:

darkness    whisper    evening    moon    heart

\_\_\_\_\_ rises, \_\_\_\_\_ threatens to engulf us all  
But there's a \_\_\_\_\_ above it's shining and I think I hear a call  
It's just a \_\_\_\_\_ through the trees, my ears can hardly make it out  
But I can hear it in my \_\_\_\_\_, vibrating strong as if she shouts

Put the lines in the correct order:

- \_\_\_\_ Oh Ariadne, I am coming, I just need to work  
this maze inside my head
- \_\_\_\_ Oh Ariadne, I just need to work this maze inside  
my head
- \_\_\_\_ If only I'd have listened to you when you offered  
me that thread
- \_\_\_\_ I came here like you asked, I killed the beast,  
that part of me is dead

Finish the sentences with 1-3 words:

Everything is quiet and I'm not \_\_\_\_\_  
If it really was your voice I heard or maybe it is

\_\_\_\_\_ That's closing up some hero's back on his track to

Can it be that all us heroes have a path, but  
\_\_\_\_\_?

**Put the lines in the correct order:**

- \_\_\_\_\_ Oh Ariadne, I just need to work this maze inside my mind
- \_\_\_\_\_ I wish I had that string, it's so damn dark, I think I'm going blind
- \_\_\_\_\_ For the life of me, I don't remember what I came to find
- \_\_\_\_\_ Oh Ariadne, I am coming, I just need to work this maze inside my mind

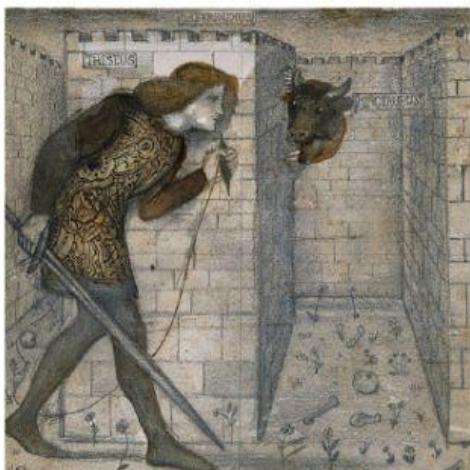

**Fill in the gaps with words from the box:**

sword	princess	shining	defenseless
-------	----------	---------	-------------

Now tell me, \_\_\_\_\_, are you strolling through your sacred grove?  
And is the moon still \_\_\_\_\_? You're the only thing I'm thinking of  
The \_\_\_\_\_ you gave me, it was heavy, I just had to lay it down  
It's funny how \_\_\_\_\_ I can feel here when there's nobody around

**Put the lines in the correct order:**

- \_\_\_\_\_ Oh Ariadne, I just need to work this maze inside my heart
- \_\_\_\_\_ Oh Ariadne, I am coming, I just need to work this maze inside my heart
- \_\_\_\_\_ If I'd known that you could guide me, I'd have listened from the start
- \_\_\_\_\_ I was blind, I thought you'd bind me, but you offered me a chart

**Finish the sentences with 1-3 words:**

Somewhere up there midnight strikes, I think I hear  
\_\_\_\_\_  
Of little drops of water, magnified against  
\_\_\_\_\_  
It's more a feeling than a substance, but there's  
\_\_\_\_\_  
And when I'm in here all alone, it's just enough to  
\_\_\_\_\_

**Put the lines in the correct order:**

- \_\_\_\_\_ Oh Ariadne, I was coming, but I failed you in this labyrinth of my past
- \_\_\_\_\_ Oh Ariadne, let me sing you and we'll make each other last
- \_\_\_\_\_ Oh Ariadne, I have failed you in this labyrinth of my past
- \_\_\_\_\_ Oh Ariadne, let me sing you and we'll make each other last
