ANIMAL ABUSE

Animal abuse is a nationwide problem. Abuse means to cause pain and suffering. Animals are beaten, starved, and used for scientific research. Millions of helpless animals die each year. There are many forms of animal abuse too.

Here are some tips to prevent animal abuse:

- Read books and magazines to create awareness on animal abuse.
- Watch documentaries, videos or movies about animals.
- Take care of their habitats.
- Take part in events and activities to protect animals.
- Visit an animal shelter to do charity work.
- Donate to animal organisations.
- Adopt abandoned animals as pets.
