

## A short interview with Millie Bobby Brown: The Star of Stranger things!

You definitely know Millie Bobby Brown as "Eleven" from Stranger Things but how many other facts do you know about the teenage superstar?

Do they always visit you?

How old are you?

Do you have siblings in your family?

Do you become part of UNICEF?

Does she act like you?

Does it travel with you?

Who does Millie Bobby Brown play in Godzilla?

**I:** Hi Millie! Welcome. So tell us...

**M:** Hi!! Thank you for this meeting! I'm 16 years old. My birthday is on February 19.

**I:**

**M:** Yes! I have two older siblings called Charlie and Paige and also one younger sister called Ava.

**I:** You also have a little sister...

**M:** In fact, I will be co-producing a new Netflix movie called 'A Time Lost' with my sister Paige so yes!

**I:**

**M:** Yes! Recently. I love what UNICEF means. The idea is to speak out for the millions of children whose voices are silenced across the world.

**I:** You took part in a movie...

**M:** I star as Madison Russell in 2019's Godzilla: King of the Monsters.

**I:** Many people know that Maddie and Grace are your best friends...

**M:** Yes! We are very close. We always meet when we are in the city and watch movies eating pizza or chocolates. We love spending time together.

**I:** Well... In order to finish this interview I want to ask you this. Many people have seen you've recently got a dog...

**M:** Ha-ha! Yes!! I adopted a puppy called Winnie the Pooh. It is actually a therapy dog and travels with me so I can feel better when I experience anxiety or panic attacks.
