READ

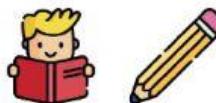

Hello! I'm Metal Mike. I'm your robot friend. I'm 10 years old. I'm grey and red. I've got big feet. I haven't got headphones, but have got two antennas so I can listen to music. I have got a yellow belt and I have got red buttons. Push the button with a star and I can fly. I haven't got a camera so I can't take photos. I can do sums and write messages.

I go to robot school. My classroom is opposite the library. I love the playground. It's next to the sports field.

On Saturdays I do coding. My class starts at half past nine and finishes at eleven o'clock. I want to do aerobics on Sundays. It starts at ten o'clock. Do you want to come with me?
