

Happier

Marshmello Ft. Bastille

I. - Read the following information about this song and then identify in the lyrics the sentence which support the main idea of this song.

"Happier" is a breakup song performed by American DJ/EDM producer Marshmello and British indie pop band Bastille. The lyrics of this song tell the story of a love affair between the narrator and his significant other that is rapidly coming to its end.

Despite being fully aware that the relationship has reached its tail end, the narrator still somehow wants to hold on. However, deep down within him, he knows that the only way his significant other can be "happier" is by abandoning the relationship and going their separate ways.

Read the lyrics and find the phrase in the chorus which supports the narrator's desire to make his partner happier; however, in order to do this, he must leave.

II. - Listen to the song and choose the correct option in bold.

Lately, I've been, I've been thinking
I want you to be happier, I want you to be happier

When the morning **flows/comes**
when we see what we've become
in the cold light of day we're a flame in the wind
not the fire that we've begun
every argument, every word we can't **make/ take** back
'Cause with the all that has happened
I think that we both **ignore/ know** the way that this story ends

Chorus

Then only for a minute
I want to **change/chase** my mind

'Cause this just don't feel right to me
I wanna **raise/rise** your spirits
I want to see you smile but
Know that means I'll have to **lick/ leave** (repeat)

Lately, I've been, I've been thinking
I want you to be happier, I want you to be happier

When the evening **falls/feels**
And I'm left there with my thoughts
And the image of you being with someone else
well, that's **breaking/eating** me up inside
but we run our course, we pretend that we're okay
Now if we jump together at least we can **sweep/swing** far away
From the wreck we made

Chorus

So I'll go, I'll go  Repeat
I will go, go, go

Lately, I've been, I've been thinking
I want you to be happier, I want you to be happier
Even though I might not **bite/like** this
I think that you'll be happier, I want you to be happier

Chorus

So I'll go, I'll go
I will go, go, go

III. - Read the lyrics again and find the lines which support the narrator's feeling of regret and sadness
