

### Ancient Towns

**Put the verbs in brackets in the correct form to complete the summary of the presentation.**

Last class, we \_\_\_\_\_ (listen) to a presentation in which three children \_\_\_\_\_ (talk) about an ancient town in Bulgaria. The children \_\_\_\_\_ (get) the information for their presentation through the internet. They realized that there \_\_\_\_\_ (be) some similarities and difference between the way people \_\_\_\_\_ (live) in the past and how they \_\_\_\_\_ (live) today.

Archaeologists recently \_\_\_\_\_ (discover) this ancient town in Bulgaria that \_\_\_\_\_ (be) over 6000 years old. This city \_\_\_\_\_ (be) near the city of Provadia. This ancient city \_\_\_\_\_ (have) a large wall to protect it from robbers. Nowadays cities \_\_\_\_\_ (not have) walls to protect them. The bricks in this ancient city \_\_\_\_\_ (be) made of salt. Salt \_\_\_\_\_ (be) valuable because it was used for refrigeration, but now it \_\_\_\_\_ (not be) because people \_\_\_\_\_ (use) refrigerators. We \_\_\_\_\_ (use) salt for cooking and nowadays it \_\_\_\_\_ (be) something cheap.

The houses in that ancient town \_\_\_\_\_ (be) two-story houses. They \_\_\_\_\_ (have) a downstairs and an upstairs floor. That \_\_\_\_\_ (be) a similarity with houses today!
