

I'm yours

Well you done done me and you bet I felt it
I tried to be chill but so hot that I melted
I fell right through the cracks
Now trying to get back
Before the cool done run out
 be giving it my bestest
And going to stop me but divine intervention
I reckon again my turn to win some or learn some

 hesitate no more, no more
It cannot wait,

Well open up your mind and see like me
Open up your plans and damn free
Look into your heart and find love love love love
Listen to the music of the moment babay sing with me
I love peace for melody
And our God-forsaken right to be loved love loved love loved

So I hesitate no more, no more
It cannot wait
 no need to complicate
Our time is short
This is our fate,

Scooch on over closer dear
And I will nibble your ear

 been spending way too long checking my tongue in the mirror

And bending over backwards just to try to see it clearer
But my breath fogged up the glass
And so I drew a new face and laughed
I guess what be saying is there no better reason
To rid yourself of vanity and just go with the seasons
what we aim to do
Our name is our virtue

I hesitate no more, no more
It cannot wait
Well open up your mind and see like me
Open up your plans and damn free
Look into your heart and find that the sky is yours
Please please, please
no need to complicate
our time is short it cannot wait,
