Test- paper

1. a. Read the text:

Joe came home from work and opened his mailbox. In his mailbox he found a yellow bottle of soap; soap for washing dishes. The dish soap was a free sample from a soap company. The company mailed small bottles to thousands of people. It was a new soap with a little lemon juice in it. Joe looked at his bottle. There was a picture of two lemons on the label. Over the lemons there were the words "with real lemon juice". Joe thought he was going to eat a salad for dinner. He put the soap on his salad and ate it. Soon, Joe felt sick. He wasn't the only person who got sick. They put the soap on salads, fish and in tea. Later they felt sick. Some people had stomach ache; some others went to the hospitals. Luckily, no one died from eating the soap.
