

DAILY ROUTINE

Write down the daily routine from a family member, make sure to use the simple present tense, follow the example below.

My sister's daily routine.

Her name is Sophie, she is 22 years old. She lives in London but is from German. She lives with my parents and me.

From Monday to Friday, her day starts very early. She always gets up at 6:30 and she has a 10-minute shower. Then she gets dressed and combs her hair. At 7:00 a.m. she has breakfast, she usually eats cereal and fruit. After that, she puts on her make up and goes to college.

At 10:30 a.m., she has a snack and 12:00 she usually has lunch at college with her friends. They are wonderful people who have a good sense of humor. At 3:30 she has a snack again; she usually has some tea and cookies.

On Monday, Tuesday and Wednesday she goes to piano classes after college. When she gets home, she takes a shower again, she prepares dinner and she does her homework. She likes to go to bed as soon as possible, around 9:30.

Thursday is different because she doesn't go to piano classes. She goes out with my me every Thursday. We sometimes go to the cinema or we go out for dinner and have a good time.

On Friday evening she always goes out with her friends, they sometimes go to the mall or sometimes they meet at a friend's house but she can't be home late because she has to get up early on Saturday to clean the house.
