

UNIT 7: HELPING OUT OUR WORLD STUDENT'S BOOK PAGE 74 & 75

What do you know about recycling? SB page 73.

Help the Earth - Recycle!

Recycling is using something you don't need any more to make something new. This helps the Earth because we don't make so much rubbish.

We can't recycle everything, but we can recycle metal, paper, glass and plastic. For example, we can recycle empty metal cans of soft drinks, boxes and glass bottles. We can use old plastic bottles to make new bottles and also shoes and clothes.

Everyone can recycle: just put metal, paper, glass and plastic in the recycling bins, not in the rubbish. So, next time you clean your room, think: What can I recycle?

VALUE Help protect the environment.

Project work Use the Internet to find information about recycling. Select the information you think is interesting/important and use it to make a PowerPoint presentation.

Refer to SB page 73.

2 Read again and write T for True or F for False.

1. Recycling is making new things from old things. ☐
2. Recycling makes rubbish. ☐
3. We can recycle everything. ☐
4. We can recycle metal, paper, glass and plastic. ☐
5. We can make shoes from old jars. ☐
6. We can make clothes from plastic bottles. ☐

3 Look at the pictures and write someone, something, everyone, everything.

1. _____ is putting
bottles in the recycling bin.

2. _____ recycles at
school.

3. There is _____ in
the rubbish bin.

4. Mary puts _____ in the
bag.
