

## Life in Japan

Hey Dad, I hope you are well. I thought I should write and give you an update.

\_\_\_\_\_ great progress with my Japanese studies. I can order things at restaurants easily and the other day I was able to call the electric company and discuss my bill with them, entirely in Japanese. It felt amazing! \_\_\_\_\_ to the gym in the evening but I hurt my wrist so that plan \_\_\_\_\_ for the time being.

On the social front \_\_\_\_\_ language exchange nights regularly and I actually met someone! Her name is Kimiko and \_\_\_\_\_ each other pretty regularly for a few weeks. The other night she and I \_\_\_\_\_ in a Karaoke bar and I realized that I

\_\_\_\_\_ to fall in love with her. I'm really excited. That is pretty much everything on my end. Tell mom I love her and when I get a moment in the next few weeks I would love to do a face call. I'm sorry that I \_\_\_\_\_ so uncommunicative

\_\_\_\_\_ really busy with work. I love you.
