

Count these. Write the answers.

a

$$\square + \square + \square + \square + \square = \square$$

$$5 \text{ groups of } 3 = \square$$

b

$$\square + \square + \square + \square = \square$$

$$4 \text{ groups of } 2 = \square$$

Look at these different jumps. Complete the number sentences.

a

How many jumps of 5 has Freda made to reach 10?

$$\square \text{ jumps of } 5 \text{ equals } 10.$$

b

How many jumps of 3 has Freda made to reach 12?

$$\square \text{ jumps of } 3 \text{ equals } 12.$$
