### JANET'S EXPERIENCE

When the opportunity to work in Japan for 3 months took place, I decided to register. I did not realize the impact it would have on my life and me. The people who know me well all thought that I would not last the three months away from home and in a very different culture. How wrong they were! On arriving in Tokyo, I immediately liked the new environment. I surprised myself with how much I enjoyed my new way of life.

Three colleagues from the UK joined me. We lived in the same house in an area of Tokyo called Komagome. We did not speak the Japanese language and this led to many interesting times in restaurants, on train journeys and generally getting around in Japan. Our first glance of menu found it impossible to read so we just pointed to a few things and sat in hope.
