Nombre					
Indicador de Logro	Realiza operaciones con números naturales multiplicación por dos cifras				
Docente	Aura Edith Rueda Izasa				
Asignatura	Matemáticas	Nota		Tema	Operaciones con números naturales

PASOS PARA MULTIPLICAR

PASO #1

Multiplicamos la unidades

UM	c	d	u
2	4	2	1
X		3	2
4	8	4	2

PASO #2

Multiplicamos las decenas e iniciamos escribiendo el resultado en la columna de las decenas

Dm	UM	c	d	u	
	2	.	4	2	1
	X		3	2	
	4	.	8	4	2
7	2		6	3	

PASO #3

Sumamos las dos cantidades

Dm	UM	c	d	u	
	2	.	4	2	1
	X		3	2	
	4	.	8	4	2
7	2		6	3	
7	7	.	4	7	2

PRÁCTIQUEMOS

$$456 \times 21 =$$

A cartoon girl with brown hair and glasses is holding a large yellow pencil and a notepad. To her right is a multiplication problem:

$$\begin{array}{r} \square \square \square \\ \times \square \square \\ \hline \end{array}$$

Below this is an addition problem:

$$\begin{array}{r} \square \square \square \square \\ + \square \square \square \square \bullet \\ \hline \end{array}$$

$359 \times 49 =$

A cartoon girl with brown hair, glasses, and a green shirt is holding a large yellow pencil and a spiral notepad. To her right is a multiplication problem. The first row has three boxes: the first is empty, the second is empty, and the third contains the number 1. The second row has a large 'X' followed by two empty boxes, one red and one blue. A horizontal line separates this from the third row, which has four empty boxes: the first is blue, and the next three are blue. Below the line is a fourth row with a large '+' followed by four red boxes and a black circle. At the bottom is a fifth row with five empty boxes.

$$2.752 \times 38 =$$

X

$$1.432 \times 42 =$$

3 x 2 = 6

0 2 4 6 8 10

1 3 5 7 9

**VANOS...
