

Read the text carefully and tick (✓) the correct answer.

My name is Pacho. I am a type of bear. I live in China. I live in a forest with lots of bamboo. Bamboo is my favourite food. I do not **hibernate** in winter because I have to eat a lot of bamboo every day. I spend most of my day resting on the trees. I am a good tree climber. I can swim too. I have a black and white woolly coat to keep me warm.
