I, ROBOT Isaac Asimov

3- REASON

Keywords are one or more words used to indicate the content of your story. Keywords are also the words and phrases that describe a page. With the keyword approach, you can highlight important facts or ideas in a passage, which will help to remember a central idea about the article or passage. Keywords you underline are usually nouns, a group of nouns, or verbs.

- a) WRITE A LIST OF KEYWORDS OR EXPRESSIONS RELATED TO THE STORY.
- b) MAKE SENTENCES TO SEQUENCE THE STORY.

c) MAKE A QUESTION TO ASK YOUR CLASSMATES. ANSWER IT.

A) Name the robotics engineer who worked with Michael Donovan.

B) Name the very intelligent robot who believed he was made by "The Master", not humans, and only believed in logic.
