

# A TYPICAL WEB PAGE

Look at the screenshot of a typical web page. Match the words to the features (a-k).

refresh - image link - zoom - go forward - user icon - go back - URL - favorites - home - search box

The screenshot shows a web browser displaying the Cambridge Assessment English website. The browser's address bar shows the URL: <https://www.cambridgeenglish.org/learning-english/free-resources/>. The website header includes the Cambridge Assessment English logo, a search bar, and navigation links: Home, Why choose us?, Exams and tests, Learning English, Teaching English, Blog, News, Events, and Help. The main content area is titled 'Free resources' and features a sidebar with categories like 'Activities for Learners', 'Exam preparation', 'Free resources', 'Virtually Anywhere', 'Cambridge English Write & Improve', 'Parents and children', and 'Games and social media'. The main content area contains a paragraph of text and four image links: 'Virtually Anywhere', 'Cambridge English Write & Improve', 'Games and social', and 'Help your child learn English'. Labels a-k are placed around the page with lines pointing to specific features: a (refresh), b (image link), c (URL), d (home), e (go back), f (favorites), g (search box), h (user icon), i (social media icons), j (breadcrumbs), and k (zoom).

a..... b..... c..... h..... k..... f.....
