

PENGUIN WALK

A funny little bird that _____ down south,
The lovely little penguin _____ to catch fish with its mouth,
No need to fly when you know how to _____,
Can go so fast thanks to _____ strong wings,
An Artic is a place where can be so cold,
But a penguin just _____ it fine,
So I'm told.

*You can see them swim,
You might hear them _____,
But there's nothing better than a penguin walk!
Walking, walking,
I like to watch a penguin walk.*

Spending time on land,
It's a nice little break,
From the fishing _____,
Make no mistake,
You can find them on the beach,
You can find them on an island,
These birds like to hang anyplace you can find them,
Looking so fine with those black _____ white feathers,
Enjoying all those friends when they _____ together.

*You can see them swim
You might hear them talk
But there's nothing better than a penguin walk!
Walking, walking
I like to watch a penguin walk.*
