Describing A Holiday

Zora

My favourite holiday place is the seaside. You can do many fun things at the seaside like fishing, making sand castles, surfing or windsurfing. My family always goes to the seaside in summer. We usually spend a week there in August at a hotel. It is the best month because it is hot and sunny.

My brother and I like to make sand castles, go windsurfing or play games in water. You can't swim very well there because the water is too wild with many waves. My father usually goes fishing on the rocks or in a boat. My mother likes to read a book or do crosswords under the beach umbrella; she also likes to watch us play.

➡ **Describe the holiday place in the square below.**

-camping, Rocky mountains hiking, fishing, bird watching
- often, always a week July
- weather no rain and warm
- help make fire and cook hamburgers, hot dogs, roast marshmallows
