Lee el siguiente texto sobre el fútbol en Gran Bretaña y decide si las afirmaciones propuestas son verdaderas o falsas.

"A number of major sports originated in the United Kingdom, including football (soccer), rugby football (rugby), golf, cricket, tennis and boxing.

The pre-eminent sport in the UK is football. The UK does not compete as a nation in any major football tournament. Instead, the home nations compete individually as England, Wales, Scotland and Northern Ireland. It is because of this unique four-team arrangement that the UK currently does not compete in football events at the Olympic Games. However, a united team will probably take part in the 2012 Summer Olympic Games, as these will be hosted in London. The English and Northern Irish football associations have confirmed participation in this team while the Scottish FA and the Welsh FA have declined to participate.

The UK also hosts many world-renowned football clubs, such as Manchester United, Liverpool and Arsenal in England and Celtic and Rangers in Scotland. Clubs compete in national leagues and competitions and some go on to compete in European competitions. British teams are generally successful in European Competitions, including the European Cup/UEFA Champions League winners: Liverpool (five times), Manchester United (twice).
