# DARTS IN GARMENT CONSTRUCTION

Instructions: Fill in the blanks in the paragraph below, using the word bank.

They are a dressmakers punctuation marks! Darts are \_\_\_\_\_ folds of fabric that are used to add \_\_\_\_\_ to the garment. They are used to eliminate \_\_\_\_\_. People use darts in their designs so that the garment is \_\_\_\_\_ and tailored to the wearers shape. They point to the fullest part of the persons' \_\_\_\_\_ and is sewn to a \_\_\_\_\_. Two types of darts are used in \_\_\_\_\_ creation. Single pointed darts point to just \_\_\_\_\_ region on the body, and \_\_\_\_\_ pointed darts point to two full areas on the body. Darts can remain as darts, or used to create pleats, tucks, gathers and even seams.
