

Listen to the song and complete the lyrics.

dew

storms

sunshine

thunder

warm

winter

Lightning

Mortimer

Your love struck me down, Lightning
[] in my soul, baby
My heart beats for you only
Every word is true
I'm in love with you

Take you as you are lady
You ain't gotta change for me
Need you from your crown, honey
Right down to the soul of your very feet

Girl, my love grows stronger
Each day baby please
Don't hurt me just because
You know I'll forgive

Girl, my love grows stronger
Each day baby please
Don't hurt me just because
You know I'll forgive

Hold me until we die
Weather together the [] of life
Won't always be []
Baby we're blends of imperfection

Give me your heart and soul
Love me like you've never loved before
Beautiful morning []
I'll be your shoulder to cry on to

Girl, my love grows stronger
Each day baby please
Don't hurt me just because
You know I'll forgive

Girl, my love grows stronger

You ain't gotta worry 'bout a thing, girl
Heaven every time you let me in, girl
I know you've been waiting for a King, girl
Oh, wait no more

Girl, my love grows stronger
Each day baby please
Don't hurt me just because
You know I'll forgive

Girl, my love grows stronger
Each day baby please
Don't hurt me just because
You know I'll forgive

As the years go by we get older
And with experience, we get wiser
And our love burns bright like a fire
Oh make my soul explode with desire

I'd go crazy without your love
Oh how could I go on
You're my favorite drug
'Cause your love feels [] in the []
Oh I've never felt
What I feel with you

Girl, my love grows stronger
Each day baby please
Don't hurt me just because
You know I'll forgive

Girl, my love grows stronger
Each day baby please
Don't hurt me just because
You know I'll forgive
