

## Father's Day

- My family has always celebrated Mother's Day. Therefore this year, we decided to celebrate Father's Day also.
- First, we went to the Marry Brown Restaurant to have our breakfast. After that, all of us went to our grandparent's house. My grandparents wanted to bless father on Father's Day.
- In the evening, we went to my uncle's house where we celebrated Father's Day. Since, uncle is also a father, we had a good time.
- On Father's Day, we all got up early and went to the park to do some exercise.
- We had dinner in an open-air restaurant and come back home. It was really a wonderful Father's Day.
- Then, we came home and everybody got ready to go out for breakfast. Mother said that we would spend whole day out.
- In the afternoon, all of us went to a big and popular restaurant to have lunch. Father did not spend a sen today. Mother paid for all the expenses that day.
- Both father and uncle cut the Father's Day cake. After that, both my uncle's family and my family went out shopping till 9.00 p.m.
