

DATE/DAY : 14 JULY 2021 (WEDNESDAY)

TITLE : TIME AND TIME

STANDARD CONTENT : Basic Operations Involving Time

LEARNING STANDARDS : 4.3.1(v)(vi), 4.3.1(v)(vi)

PERFORMANCE STANDARD : Determines the correctness of the answers and solves math sentences plus and minus time involving fractions and decimals.

LEARNING OBJECTIVE : Students are able to complete math verses plus time involving fractions and decimals;

(v) centuries and decades

(vi) centuries and years

REFERENCE : MATHEMATICS TEXTBOOK 5 page 145 - 148

Watch this video until the end

Day: ..... Date: .....

**C. Calculate / Hitung.** LS4.3.1(v), (vi), LS4.3.2(v), (vi) **PL3**

1.  $3\frac{4}{5}$  centuries + 49 decades

$3\frac{4}{5}$  abad + 49 dekad

=  centuries  
abad  decades  
dekad

| Century | decade |
|---------|--------|
|         |        |
|         |        |

+

2. 2.8 centuries + 4 centuries 7 decades  
2.8 abad + 4 abad 7 dekad

=  centuries  
abad  decades  
dekad

| Century | decade |
|---------|--------|
|         |        |
|         |        |

+

3.  $1\frac{1}{5}$  centuries + 4.3 centuries

$1\frac{1}{5}$  abad + 4.3 abad

=  centuries  
abad  decades  
dekad

| Century | decade |
|---------|--------|
|         |        |
|         |        |

+

4.  $1\frac{1}{4}$  centuries + 60 years

$1\frac{1}{4}$  abad + 60 tahun

=  century  
abad  years  
tahun

| Century | decade |
|---------|--------|
|         |        |
|         |        |

+

5. 2.8 centuries + 4 centuries 73 years  
2.8 abad + 4 abad 73 tahun

=  centuries  
abad  years  
tahun

| Century | decade |
|---------|--------|
|         |        |
|         |        |

+

6.  $7\frac{1}{5}$  centuries + 3.84 centuries

$7\frac{1}{5}$  abad + 3.84 abad

=  centuries  
abad  years  
tahun

| Century | decade |
|---------|--------|
|         |        |
|         |        |

+
