

Life's Mysteries in Little Chambers

Cell Organelles

- 1. What is known as power house of the cell?*
- 2. What is the name of membrane of vacuole?*
- 3. What is called centre of protein synthesis?*
- 4. Where is plenty of mitochondrion is seen?*
- 5. What is known as cytoskeleton?*
- 6. What collects cell secretions like hormones, enzymes, mucous etc. in small vesicles?*
- 7. What stores water, salt, excretory materials etc. in cell?*
- 8. Through which organelle in cell conduction of materials takes place?*
- 9. Where is plenty of Golgi complex is seen?*
- 10. Why cytoskeleton is called so?*
