

ÁREA: MATEMÁTICAS

DOCENTE: MARY LUCY MAYORGA  
MARÍA ELENA ORTIZ

ESTUDIANTE:

JORNADA: MAÑANA Y TARDE

SEDE: C - República de Israel

FECHA: 21 DE JULIO -2021

CURSO: TERCERO

Desempeño: Analiza y resuelve situaciones matemáticas, en donde practique las operaciones de suma, resta y multiplicación.

### ACTIVIDAD DE REFUERZO!!!

1. Marca la respuesta correcta en cada una de las multiplicaciones.

|              |              |              |
|--------------|--------------|--------------|
| $4 \times 6$ |              | $9 \times 3$ |
| 20 24 26     |              | 27 18 21     |
| $6 \times 2$ |              | $4 \times 2$ |
| 20 12 14     |              | 8 16 14      |
| $3 \times 3$ |              | $6 \times 9$ |
| 6 9 12       |              | 56 54 69     |
| $4 \times 5$ | $5 \times 2$ | $7 \times 5$ |
| 24 20 16     | 7 12 10      | 30 20 35     |
| $7 \times 4$ | $5 \times 5$ | $5 \times 3$ |
| 24 34 28     | 20 25 35     | 8 25 15      |

2. Realiza estas multiplicaciones.

|                                                                                                                                                            |                                                                                                                                                                   |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| $\begin{array}{r} 227 \\ \times 35 \\ \hline \square\square\square\square \\ + \square\square\square 0 \\ \hline \square\square\square\square \end{array}$ | $\begin{array}{r} 356 \\ \times 52 \\ \hline \square\square\square \\ + \square\square\square\square 0 \\ \hline \square\square\square\square\square \end{array}$ |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|

3. Resuelve:

| <p><b>María compra 18 paquetes de arroz, si cada paquete vale 3.640 pesos. ¿Cuánto paga por la compra?; si pasa \$70.000 ¿Cuánto le devuelven?</b></p>                                                                                                                                                                                                                                                                                                                                                                                                     |           |                                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |           |                                        |                           |                                                                                      |
