TEXT A

On my fantastic school holidays, I had a lot of things to do.

First I went to my friend's house for a sleep over because my mum and dad went out. I also went to the cinema with my brother to see Despicable Me 2. It was a very funny movie.

The next morning, I went to my grandparent's house with my dad and my brother. My mother did not join us because she had to do with her job activities.

On the second Monday I went to the cinemas again to see Monsters University. It was really funny movie. My favourite character was Mike Wazowski. I went to see that movie with my mum and my brother. When it came to Wednesday, Angelina came for a play and we had a picnic at the park but after a while Angie had to go home earlier.

TEXT B

During school holidays last time, my family and I went traveling to Singapore. I arrived in Singapore in the evening. We stayed in a hotel.

The next day, we went to Universal studios in Sentosa Island. Just behind my hotel there are shops selling bus and entrance tickets to Universal Studios. My family and I had breakfast first before going there.

After breakfast, we came out and saw a bus heading to Universal studios had come. We then ran hastily to the ticket agent. In a hurried situation I said "I want to buy tickets", because the seller speaks very fast, I was difficult to understand what it means.

She asked "Do you want to buy a bus ticket and entrance as well?" I replied, "Yes, I want to buy tickets for 3 adults and 1 child." Then she told the price. We were shocked because the tickets were so expensive.

We had fun playing at Universal Studios. We didn't aware that it was afternoon. I was disappointed because we did not have enough time to play all the rides.

We had to go out and went back to hotel. I will never forget that holiday experience.
