A lot of people think that running and (1) \_\_\_\_\_ are two different words for one activity. In fact, they are two different activities. One difference between the two is the speed. Jogging is when a person goes slower than 10 kph (kilometres per hour), and running is when a person goes faster than 10 kph. Another difference between the two activities is that people go jogging to (2) \_\_\_\_\_, and they often go running to (3) \_\_\_\_\_. As a result, running is one of athletics sports events at the Summer (4) \_\_\_\_\_. At the Olympics, athletes run different distances from 100 metres (a sprint race) to 42,195 metres (a marathon). The marathon world (5) \_\_\_\_\_ was set

in 2018 by Eliud Kipchoge from Kenya; it was 2 hours, 1 minute and 39 seconds. Marathons have become a popular sports competition. About 800 marathons are held every year in the world. You don't have to be a (6) sportsperson to run it, but you need to be fit and trained.

### Complete the text. Choose the correct item from the brackets.

I've got three best friends: Scott, Phil and Russ. They have very different personalities, but they have one thing in common: they love sports. Scott is good at playing (1) football. He plays it every day. He's dreaming of playing in (2) World Cup when he grows up. Phil doesn't like team sports games. He likes (3) karate. He's been taking karate classes since he was 6, and now he has a black belt. Russ also loves (4) individual sports. He's a very good athlete: he can run faster than our P.E. teacher! My friends and I like (5) sports competitions on TV. Last year, during (6) Olympics, we watched TV every day for several hours.
