I'm 20 and my problem is that I'm allergic to my two dogs! The doctor says that they shouldn't be in the house with me, but I don't have a garden. What can I do?

**Mike, London**

Allergies can become serious problems so it's important that you do something about it. Ask friends, neighbours or family to take the dogs. That way you can visit them.

Another thing you can do is move house. Find one with a garden. Good luck!

I'm having problems with my two flatmates. You see, I want to get a dog, but they don't want to hear about it. Why can't they see how I feel? They don't want animals in the flat, but I live there, too! Should I just go and buy a dog and not tell them?

**Simon, Ipswich**

You should try talking to your flatmates again. Maybe you can make them understand. Do you have a garden or a balcony? You can always put the dog there. But don't just go home with a dog one day! They will never speak to you again. Is that what you want?

1. This person believes that his friends don't understand him.
