

# EVALUACIÓN N° 3

## TEMA: OPERADORES MATEMÁTICOS

1. Resuelve los siguientes ejercicios.

$$\text{Si: } a \nabla b = \frac{a}{b} + 1$$

Hallar:

$$\text{a) } 8 \nabla 2 = \frac{\boxed{\phantom{00}}}{\boxed{\phantom{00}}} + \boxed{\phantom{00}}$$

$$8 \nabla 2 = \boxed{\phantom{00}} + \boxed{\phantom{00}}$$

$$8 \nabla 2 = \boxed{\phantom{00}}$$

$$\text{b) } 10 \nabla 5 = \frac{\boxed{\phantom{00}}}{\boxed{\phantom{00}}} + \boxed{\phantom{00}}$$

$$10 \nabla 5 = \boxed{\phantom{00}} + \boxed{\phantom{00}}$$

$$10 \nabla 5 = \boxed{\phantom{00}}$$
